

Sneinton St Stephens C of E Primary School

Accessibility Plan 2017 – 2018

Sneinton St Stephens C of E Primary School Accessibility Plan 2017 – 2018

Purpose of the Plan

The purpose of this plan is to show how Sneinton St Stephens C of E Primary School intends to secure appropriate access to the school for disabled pupils.

At Sneinton St Stephens C of E Primary School our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school, committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

Legal Background

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

Definition of Disability

According to the Equality Act 2010 a person has a disability if:

- He/she has a physical or mental impairment, **and**
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

This plan sets out the proposals of the Governing Body of the school to secure appropriate access to education for disabled pupils in the three required areas of; curriculum, environment and information;

- Increasing the extent to which disabled pupils can participate in the school curriculum, which includes teaching and learning and the wider curriculum of the school, such as participation in after school clubs, leisure and cultural activities or school visits;
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services, which includes improvements to the physical environment of the school and physical aids to access education
- Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled, e.g. handouts, timetables, textbooks and information about school events. The information should take account of the pupils' disabilities and the preferred format of pupils and parents and be made available within a reasonable time frame.

The Sneinton St Stephens C of E Primary School aims to treat all stakeholders, including pupils, staff, governors and other members of the school community favourably and wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils.

As part of the school's continued communication with parents, carers and other stakeholders we continually look at ways to improve accessibility through information analysis and parental discussions.

Contextual information

The whole of the school building and playgrounds are fully compliant with DDA Regulations and are accessible for wheelchair users. All steps are marked with visibility edging for visually impaired with pupils and all doors are in a markedly contrasting colour to their surrounds.

The Current Range of Disabilities with Sneinton St Stephens C of E Primary School.

The school may have children with a limited range of disabilities which include Autistic Spectrum Disorder, cerebral palsy and significant medical needs. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

We have some children who have asthma and all staff are aware of these children. Inhalers are kept in the classrooms and a record of use is noted. Some children have allergies or food intolerances and these are included in the 'children with medical needs' details in classrooms and the main office.

All medical information is collated and available to staff, in files in the school office. We have competent First Aiders who hold current First Aid certificates and staff trained in Paediatric First Aid.

All prescribed medication is kept in the fridge in the staff room, which has easy access for First Aiders and staff members. Administration of Medicines consent forms are filled in by parents/carers outlining the illness, amount and time of medication. All medication that is given is recorded.

Sneinton St Stephens C of E Primary School Plan 2016 – 2017 Objectives	Strategies	Outcome	Timeframe
EQUALITY AND INCLUSION			
TO ENSURE THAT THE Accessibility Plan becomes an annual item at the Governors meetings	Clerk to governors to add to list for Governors meetings	Adherence to legislation	Annually
